Annual Report 2022-2023

The Internal Quality Assurance Cell (IQAC) has been proactive in implementing various quality

initiatives

to improve the overall academic and administrative performance of the institution. The year 2022-2023 has been pivotal in furthering our mission for continuous improvement and enhancing the quality of education, research, and community engagement.

Key Achievements:

1. Improved student learning outcomes through revised curriculum and enhanced teaching

methods.

2. Conducted multiple workshops for faculty development, focusing on research and pedagogy.

3. Successful integration of digital tools for effective teaching and administration.

4. Organized webinars and seminars on various topics like quality improvement, research

methodologies,

and professional development.

5. Strengthened collaborations with external quality assurance bodies and industry partners.

6. Implemented a feedback mechanism for stakeholders to improve institutional quality continuously.

7. Increased participation in national and international quality assurance initiatives.

Looking Ahead:

The IQAC has already begun laying the groundwork for several strategic initiatives, which include:

1. Fostering a research-driven culture among faculty and students.

2. Developing new programs that align with the demands of the industry and society.

3. Expanding outreach efforts to collaborate with international academic institutions.

This report encapsulates the efforts and achievements of the IQAC during the academic year

2022-2023,

and we look forward to making significant strides in the upcoming year.
